

# Grief Coaching For Professionals

## Learn How to Help Others Understand Their Grief

If you work as a Teacher, Human Resource Manager, Guidance Councillor, Chaplin or in any position that offers support to youth and adults, our grief coaching can help you help others who are grieving a loss.

### The grief coaching program aims to provide professionals with:

A space to discuss specific types of losses your clients may be dealing with and offering methods and strategies that you can learn and then pass on.

Kat Turco  
Child/Youth Counsellor  
& Grief Coach
