- If you are still having trouble logging in, please refer to the [Troubleshooting Login Issues](#) document.

**NOTE: If this is a shared device, do not forget to log out of both D2L and O365, and close your browser when you are finished.**

## FIND YOUR COURSE

When you log in to D2L, you will begin on the GEDSB landing page. If your teacher has activated your course, you will see it in the My Courses widget. Click on your course to enter.

## YOUR COURSE HOMEPAGE

### THE MINIBAR

You will find links to "My Home", "Select a Course", "Alerts", your "Profile", and "Account Settings" on the Minibar.

### THE NAVBAR

The Nav Bar is customizable by your teacher and might look different in each course you are enrolled. The Nav Bar contains links that give you access to all the other parts of your course.

### NEWSFEED OR ACTIVITY FEED

Your teacher may be using the Newsfeed or Activity Feed to communicate with you. Stay up-to-date on what's happening in your course by reading these every day. They may be used to let you know about important dates and resources or to give you a new lesson or assignment.
