Snowball Policy

At Glen Morris Central Public School, we stress the importance of safe and responsible behaviour.

Each year, across Ontario, many students receive serious head and eye injuries due to being hit by a snowball. For this reason, The Grand Erie School Board does not permit snowball throwing while on school property.

Please note our school policy for throwing snow/snowballs- Students will be reminded of the "No Snowballs" school rule.

1 st Incident	Referred to Office, Letter to Parent- (A letter will go home to parents to be signed. The letter must be returned to the office the next morning.)
2 nd Incident	Referred to Office, Administration phone call home, and Snowball Essay
3 rd Incident	Referred to Office, One Day In-School/Formal Suspension

Please discuss the importance of the "No Snowballs" rule and school safety with your children.

Thank you for your co-operation.

L. Hearn

SUCCESS for Every Student
