

## **Cell phones and Electronic Devices**

We understand that student cellphones can be used for safety reasons. While at school, however, **cellphones are not to be used unless directly supervised by a teacher. This includes nutrition breaks and recess time.** If students are found using a cellphone at school they will first be asked to put away and then if not, it will be confiscated until the end of the school day. Other electronic devices, such as digital cameras, IPODS and hand-held devices, are not to be used at school as either, unless authorized by a teacher for a particular purpose. Students needing to communicate with home, must report to the office to use the office phone.

Staff at Glen Morris are not responsible for any electronic devices that are brought to school. We are not responsible for any personal items that are lost or stolen. An acceptable use of computers/internet form will be given out for parents to sign in September. This form outlines the responsibilities of students when using board computers.
